About the Speaker

Dr. Divya Padmanabhan is an Assistant Professor at the School of Mathematics and Computer Science at IIT Goa. Previously she was a Research Fellow at the ESD pillar of Singapore University of Technology and Design. She received her PhD from the Department of Computer Science and Automation, IISc Bangalore and holds MTech and BTech degrees from IIT Madras and NIT Calicut respectively. She has also worked in the software industry in Oracle India for couple of years. Her research interests broadly span robust optimization, decision making under uncertainty, reinforcement learning and machine learning. Outside of academics, she is a trained carnatic classical musician.
